## CELEBRATING THE SPIRIT OF COMPETITION

2025 DEMO DAY SCHEDULE

It is our pleasure to welcome you to the Simeone Foundation Automotive Museum, ranked as one of the top museums and things to do in Philadelphia.

Founded in 2008 by the legendary neurosurgeon and car collector Dr. Frederick Simeone, the Simeone Foundation Automotive Museum is a 501(c)3 non-profit corporation whose mission is to educate the public on the beneficial effects of the "Spirit of Competition."

Encompassing many of the most significant racing sports cars ever built, the museum shows the dramatic technological evolution that has resulted from seven decades of competition, leading to safer and more innovative automotive design.

We hope you enjoy our museum, find it educational, and will come back to visit us often.
